

Summer College

Welcome to UIC!

UIC Summer College aims at easing your transition to college. You can take **one or more** Summer College courses TUTION FREE while earning higher placement in various subjects. You also get the chance to make friends, learn your way around campus and get to know more about UIC's student resources!

Six-Week Programs

ACE College Reading for Success: American Identities

College Reading for Success: American Identities focuses on helping incoming first-year students to strengthen their reading skills and strategies in order to maximize their academic performance at UIC.

Asian American Mentor Program (AAMP)

In Summer AAMP, new students get connected to continuing students, called mentors. These mentors want to help you connect to campus resources, other students, and student organizations to make sure you have a smooth transition to UIC.

Campus Housing: Learning Outside the Classroom

Housing helps you develop teamwork, leadership, and communication skills you'll use throughout your life and career. Learn how we do it! You don't have to be living in housing to participate!

College of Engineering PREP-ME Summer Workshop

For College of Engineering students, PREP-ME makes the mathematics in engineering come alive, and previews the panorama of mathematics problems and core engineering concepts that UIC engineers will encounter in their undergraduate careers.

President's Award Program: PAP Academy

The PAP Academy is a fun and interactive one-day session that will share information regarding the President's Award Program scholarship requirements, policies and expectations.

UIC Business Summer College Prep

UIC Business Summer College Program is a transition course where entering CBA students learn to navigate UIC, seek academic assistance, and learn about opportunities in business by visiting students in internships.

Applied Health Sciences: Summer Exploration & Transition Program(AHS-SET)

AHS admitted students can connect with professors in their college and experience our college in a more intimate setting.

TRIO SALC Academic Learning Community for Low-Income, First-Gen College Students and/or Students with Disabilities

Gain the tools to thrive at UIC with math instruction, exposure to university resources, and connect with a rich community of students, faculty, and staff!

Urban Health Program: Preparing for Academic Student Success (UHP – PASS)

Participants will have an opportunity to learn more about the health science degree programs at UIC, with tours of the colleges and specialized lab facilities.

One-Day Programs

Critical Thinking for College Success

Critical Thinking for College Success is an interactive one-day workshop that will help prepare you for your first year of college.

Making the Connection: The Research University and You

Curious about undergraduate research opportunities at UIC? Learn all you need to know to get started here!

Urban Health Program: Preparing for Academic Student Success (UHP-PASS) Pre-Health Day of Exploration

Get the opportunity to speak with the directors, students and possibly faculty from the various UIC Health Science Colleges in an interactive, conversational manner.

Latin American Recruitment and Educational Services Program (LARES)

The LARES program will offer a one day seminar on the importance of Latino electoral participation and civic engagement in Illinois and in Chicago. Please join us for a free game of bowling and lunch after the seminar.

Take the Next Steps!
